With The Dawn

8x10 inch

Jiuli Guo. I have graduated from the Academy of Fine Arts of Northeast Normal University, I am an art teacher of the first senior middle school in Hunchun.

In 2018, I joined ISSA. I participated in three ISSA exhibitions.

My work *The Dawn depicts Two Steeds* is looking for light in the dark, symbolizing that the darkness is coming to an end and the dawn is coming. The shape of the horse's head is V-shaped, representing victory and good luck.
