I'm Wenjie Hu, an art teacher from China. I have been studying scratchboard for 8 years. I participated in the 2018 International scratchboard Exhibition, and this is my third time.

'FRESH LEMONS', The lemons in the backyard are ripe. Pick them and put them in a cloth basket. Through the depiction of color and detail, the freshness of sour taste comes from the cut lemon.

'ENJOY THE TIME', shows a set of tea sets, belong sides a bunch of grapes on a plate and a patterned cloth on the table. Under the irradiation of light, it shows the crystal clearance of the grapes and the texture of the teapot. The feeling of leisure comes naturally.
